
Corporate Governance Statement

The Board of Frontken Corporation Berhad (the “Company”) recognises the importance of adopting high standards of corporate governance in the Company in order to safeguard stakeholders’ interests as well as enhancing shareholders’ value. The Directors consider corporate governance to be synonymous with four key concepts, namely transparency, accountability, integrity as well as corporate performance.

This corporate governance statement (the “Statement”) sets out how the Company has applied the 8 Principles of the Malaysian Code on Corporate Governance 2012 (“MCCG 2012”) and observed the 26 Recommendations supporting the Principles during the financial year. Where a specific Recommendation of the MCCG 2012 has not been observed during the financial year under review, the non-observation, including the reasons thereof and, where appropriate, the alternative practice, if any, is mentioned in the Statement.

PRINCIPLE 1 – ESTABLISH CLEAR ROLES AND RESPONSIBILITIES

1.1 The Board should establish clear functions reserved for the Board and those delegated to Management

To enhance accountability, the Board has established clear functions reserved for it and those delegated to Management. There is a formal schedule of matters reserved to the Board for its deliberation and decision to ensure the direction and control of the Group’s operations are in its hands. Key matters reserved for the Board include, inter-alia, the approval of annual budgets, quarterly and annual financial statements for announcement, investment and divestiture, as well as monitoring of the Group’s financial and operating performance. Such delineation of roles is clearly set out in the Board Charter (the “Charter”), which serves as a reference point for Board activities.

To assist the Board in fulfilling its duties and responsibilities, the Board has established the Audit Committee, Nomination Committee and Remuneration Committee. Each Committee is tasked with specific functions to operate within its terms of reference, which are included in the Charter. The ultimate responsibility for decision making, however, lies with the Board.

1.2 Board should establish clear roles and responsibilities in discharging its fiduciary and leadership functions

Reviewing and adopting a strategic plan for the Company

The strategic initiatives of the Board are deliberated at its scheduled meetings where the goals of the Group are also discussed and formalised, culminating in the development of a comprehensive Group budget for the Board’s approval. Resources are identified and allocated accordingly towards meeting such goals and objectives. In addition, for any new business ventures, a proper and well researched meeting paper is required for tabling at the Board meeting so that the matter can be deliberated and decided without delay.

Overseeing the conduct of the Company’s business

The Executive Chairman, who is also the Managing Director of the Company, leads the Board and is also involved in the Company’s day-to-day management. He is supported by an Executive Director and a management team in managing the Group’s business. The Board’s role is to oversee the performance of Management to determine whether the business is properly managed. The Board gets updates from Management at the quarterly Board meetings when reviewing the unaudited quarterly results and annual audited financial statements. During such meetings, the Board participates actively in the discussion of the performance of the Company.

Identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures

The Company engaged an external service provider to assist the Board in establishing an Enterprise Risk Management framework for the Group, formalising, amongst others, the processes to identify, evaluate, control, report and monitor significant business risks faced by the Group. The Board has approved the Enterprise Risk Management Framework for adoption across the Group. The Board, via its Audit Committee, reviews the outcome of risk assessment, including the implementation of appropriate internal controls and mitigation measures to address the risks identified.

Further details of the Enterprise Risk Management Framework are set out in the Statement on Risk Management and Internal Control in this Annual Report.

PRINCIPLE 1 – ESTABLISH CLEAR ROLES AND RESPONSIBILITIES (CONT'D)

1.2 Board should establish clear roles and responsibilities in discharging its fiduciary and leadership functions (cont'd)

Succession planning

The Board views succession planning as important for business continuity. Key positions which are vacated due to retirement and/or resignation are filled quickly to avoid business interruption. The issue of succession planning is deliberated at Board meetings such that pertinent actions are taken to provide for the orderly succession of senior management.

Overseeing the development and implementation of a shareholder communications policy for the Company

The Company has, on its interactive website, a dedicated Investor Relations section where shareholders can communicate with the Board through the designated Investor Relations officer. The Board has also identified a Senior Independent Director, namely Mr Aaron Sim Kwee Lein to whom the concerns of stakeholders and shareholders pertaining to the Company may be conveyed.

Reviewing the adequacy and integrity of the management information and internal controls system of the Company

The Board acknowledges the importance of the adequacy and integrity of the management information and internal control systems of the Company. Details of the Group's internal control system, including how the Board reviews its adequacy and operating effectiveness, are set out in the Statement on Risk Management and Internal Control in this Annual Report.

1.3 The Board should formalise ethical standards through a code of conduct and ensure its compliance

The Company has in place a Code of Conduct for its Directors and employees and it is available on the Company's website.

The Board also has formalised in writing its Whistle Blowing Policies and Procedures, including reporting templates, for employees to raise genuine concerns, without fear of reprisal, about possible improprieties on matters pertaining to financial reporting, compliance, malpractices and unethical business conduct within the Group. The Whistle Blowing Policies and Procedures document has been uploaded on the Company's website at www.frontken.com.

1.4 The Board should ensure that the Company's strategies promote sustainability

The Board considers sustainability in its business operations. As such, it recognises the need for the Company to address sustainability in its business strategy, taking into consideration the governance, social and environmental aspects. In view of the forthcoming mandatory Sustainability Reporting required of listed issuers, the Board has, on 23 February 2017, deliberated on the need to formalise in writing a Corporate Sustainability Policy covering the environmental, social and economic aspects of the Group's operations, and has entrusted this role to an Executive Director to helm. Nonetheless, the Corporate Sustainability Statement in this Annual Report provides details on how sustainability initiatives have been taken by the Board and Management for the financial year under review.

1.5 The Board should have procedures to allow its members access to information and advice

The Board Charter provides a procedure for Directors to access information and independent advice in the discharge of their stewardship role, for example Directors may seek independent legal, financial or other advice as they consider necessary at the expense of the Company as a full Board or in their individual capacity, in the furtherance of their duties. Management is required to supply the Board and Committees with information in a form, timeframe and quality that enables the Directors to effectively discharge their duties. The Directors are provided with Board papers prior to each meeting to evaluate the proposals and, if necessary, to request for additional information.

PRINCIPLE 1 – ESTABLISH CLEAR ROLES AND RESPONSIBILITIES (CONT'D)

1.6 The Board should ensure it is supported by a suitably qualified and competent company secretary

The Company Secretaries of the Company are suitably qualified and competent to support the Board. The Board is regularly updated by the Company Secretaries on the latest updates on changes in laws and regulations. During the financial year, the Board was briefed by the Company Secretary on the Companies Act 2016 and amendments to the Listing Requirements of Bursa Malaysia Securities Berhad.

Prior to the financial year end, the Company Secretaries would draw up a timetable of the proposed dates of all meetings of the Board and Board Committees and the Annual General Meeting of the following year. Thereafter, the Company Secretaries would draw up a detailed timetable for the year of all the events, actions and matters to be taken by the various parties involved throughout the whole year.

The Company Secretaries sends out all the notices of the meetings of the Board and the Board Committees at least seven (7) days before the meetings and also notice of closed period for dealings in securities to the Directors and Principal Officers prior to the closed period for dealings.

The Company Secretaries attends all Board and Board Committee meetings as well as the Annual General Meeting and ensures that the meetings are properly convened, constituted and conducted. After the meetings of the Board and Board Committees, the Company Secretaries summarised the actions that need to be taken and issue an action plan to Management for the appropriate actions to be taken and prepare the minutes for all the meetings accordingly.

Besides the continuous disclosure requirements under the listing requirements and the Companies Act 2016, the Company Secretaries also advise the Board and Board Committee and Management on disclosure requirements as and when they are asked on an ad hoc basis.

The Board has access to the advice and services of the Company Secretaries who are responsible in ensuring that the established procedures and relevant statutes and regulations are complied with.

1.7 The Board should formalise, periodically review and make public its board charter

The Board Charter, which was last reviewed and approved by the Board on 23 May 2016, has been uploaded on the Company's website at www.frontken.com. It sets out the composition of the Board, duties and responsibilities on matters relating to strategy and planning, human resource, remuneration, capital management and financial reporting, performance monitoring, risk management, audit and compliance and board processes and policies, Board Committees, Chairman of the Board, independence of Directors, access to information and independent advice, dealings in securities, orientation and continuing education and Board assessment.

PRINCIPLE 2 – STRENGTHEN COMPOSITION

2.1 The Board should establish a Nominating Committee which should comprise exclusively non-executive directors, a majority of whom must be independent

The Nomination Committee comprises exclusively Non-Executive Directors with a majority of Independent Directors. The Nomination Committee met twice during the financial year under review to deliberate matters within its terms of reference.

The terms of reference of the Nomination Committee provide that the Nomination Committee shall be appointed by the Board and shall consist of not less than two (2) members, comprising exclusively non-executive Directors, the majority of whom shall be independent Directors. The terms of reference of the Nomination Committee also outline the responsibilities and duties in relation to the selection and assessment of new and existing directors and a copy of the same can be found on the Company's website at www.frontken.com.

Corporate Governance Statement (cont'd)

PRINCIPLE 2 – STRENGTHEN COMPOSITION (CONT'D)

2.2 The Nominating Committee should develop, maintain and review the criteria to be used in the recruitment process and annual assessment of Directors

The Nomination Committee is responsible for assessing proposed candidates based on selection criteria expected of a Director and makes recommendation to the Board if the proposed candidates are found to be suitable. The decision on new appointment of Directors rests with the Board after considering the recommendation of the Nomination Committee.

The Nomination Committee is also responsible for carrying out an assessment of Board's effectiveness in terms of its composition, roles and responsibilities, and whether the Board Committees discharge their functions and duties in accordance with the terms of reference entrusted by the Board. The assessment of the Board takes into account the character, competence, experience, integrity and time availability of each Director as well as their ability to provide pertinent input at meetings and demonstrate high level of professionalism in decision making process. The Nomination Committee reviews the composition of the Board annually to ensure that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies for effective functioning and informed decision-making.

Insofar as Board diversity is concerned, the Board does not intend to set out any specific policy on targets for gender, age or ethnicity of Directors. The Board believes that the on-boarding process of Directors should not be based on any gender, age or ethnicity. As such, the evaluation of suitable candidates is solely based on the candidates' competency, character, time availability, integrity and experience in meeting the needs of the Company, including, where appropriate, the ability of the candidates to act as Independent Non-Executive Directors, as the case may be.

During the financial year under review, the Nomination Committee assessed the effectiveness of the Board, as a whole, the Board Committees and contribution of each individual Director, including those Directors who are subject to retirement at the forthcoming Annual General Meeting in accordance with the Company's Constitution.

Details of attendance of the Board Committee members for the financial year ended 31 December 2016 are as follows:-

Directors	Audit Committee	Nomination Committee	Remuneration Committee
Ng Wai Pin	N/A	N/A	2/2
Dato' Haji Johar bin Murat @ Murad	5/5	2/2	2/2
Aaron Sim Kwee Lein	5/5	2/2	2/2
Dr Jorg Helmut Hohnloser	3/5	2/2	N/A

2.3 The Board should establish formal and transparent remuneration policies and procedures to attract and retain directors

The Remuneration Committee, which comprises three (3) Directors, a majority of whom are Independent Directors, met once during the financial year under review to deliberate matters within its terms of reference. Its key function is to ensure that the Company is able to attract and retain Directors of the calibre and quality required to manage the business of the Group. The Remuneration Committee ensures that reward is measurably linked to achievement of business and performance objectives and the remuneration is determined by financial matrices such as the Group's overall performance and achievement of selected financial ratios. The remuneration to individual staff is determined by the performance and contribution of individual staff and the performance and achievement of the respective business unit or department.

As such, the Remuneration Committee is tasked to review the remuneration of Directors and Senior Management to ensure that they are remunerated at competitive levels in relation to the achievement of goals and the performance of the Group. The remuneration packages of the Executive Directors and Senior Management are then recommended to the Board for approval.

The Board recommends the fees payable to Directors on a yearly basis to the shareholders for approval at the Annual General Meeting in line with the provision of the Company's Constitution.

Corporate Governance Statement (cont'd)

PRINCIPLE 2 – STRENGTHEN COMPOSITION (CONT'D)

PRINCIPLE 3 – REINFORCE INDEPENDENCE

3.1 The Board should undertake an assessment of its Independent Non-Executive Directors annually

On an annual basis, the Board through the Nomination Committee assesses the Independent Non-Executive Directors, adopting the criteria as set out in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and reports to the Board the outcome of its findings.

3.2 & 3.3 Tenure of Independent Non-Executive Director exceeding cumulative term of nine (9) years and seek shareholders' approval in retaining such Independent Non-Executive Director

At the date of this Statement, the Board has a Director, namely Dato' Haji Johar bin Murat @ Murad, who has served for more than nine (9) years as an Independent Non-Executive Director.

The Board has assessed, via the Nomination Committee, his independence and, accordingly, recommended him for shareholders' approval to continue to serve as an Independent Non-Executive Director of the Company for the ensuing year based on the following justifications:-

- He fulfils the criteria under the definition of Independent Non-Executive Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and, thus, he is able to provide a check and balance by bringing an element of objectivity and independent judgement to the Board's deliberation;
- He brings with him vast experience and expertise to complement the competencies of the other Directors to enhance boardroom discussions and decision;
- He has been with the Company for more than nine (9) years since 2006 and, accordingly, is familiar with the nuances and understanding of the Group's business operations; and
- He has exercised due care and diligence during his tenure as an Independent Non-Executive Director of the Company and carried out his duties professionally and objectively in the interest of the Company and shareholders.

Corporate Governance Statement (cont'd)

PRINCIPLE 3 – REINFORCE INDEPENDENCE (CONT'D)

3.4 The positions of Chairman and Chief Executive Officer should be held by different individuals and the Chairman must be a non-executive member of the Board

The Board is mindful of the dual role held by Mr Ng Wai Pin as the Chairman and Managing Director which deviates from the Recommendation of the MCCG 2012. The Board is of the view that there is no concentration of power and authority, and that no one individual has unfettered powers for decision making. Furthermore, there are sufficient Independent Non-Executive Directors on the Board who are individuals of calibre, credibility and are free from any business or other relationship which could materially interfere with the exercise of their independent judgement. These Independent Non-Executive Directors are capable of exercising independent judgement to ensure fair and objective deliberations at Board meetings.

3.5 Board must comprise a majority of Independent Non-Executive Directors if Chairman is not an Independent Non-Executive Director

As the size of the Board is small, the Board is of the view that the composition of the Board meets with the minimum requirements of the Main Market Listing Requirements. Moreover, the Non-Executive Directors, which consist of the majority of Board members, provide a check in the balance of power vested in the Executive Chairman.

The composition of the Board will comprise of a majority of Independent Non-Executive Directors on 14 May 2017 as Dr Jorg Helmut Hohnloser will become independent as he has ceased to have an indirect interest via his shareholdings in CP Asia Holding GmbH on 14 November 2016.

PRINCIPLE 4 – FOSTER COMMITMENT

4.1 The Board should set expectations on time commitment for its members and protocols for accepting new directorships

The Board, on an annual basis, sets out the meeting dates for the whole financial year so that each member of the Board is able to plan his schedule accordingly. This helps to ensure that the Board is committed to meet when the time arises.

The Board has also established a guideline on the acceptance of new directorship by Board members. Any Director intending to take on new directorship is required to notify the Board Chairman before accepting the new directorship and also to confirm his commitment that the new directorship will not impair his time commitment to the Company.

Details of the Directors' attendance at Board meetings for the financial year ended 31 December 2016 are set out below:-

Directors	Designations	Attendance	%
Ng Wai Pin	Executive Chairman and Managing Director	6/6	100

Dr Jorg Helmut Hohnloser	Non-Independent Non-Executive Director	4/6	67

Mr Timo Fabian Seeberger, the Alternate Director to Dr Jorg Helmut Hohnloser, attended two (2) Board meetings by invitation.

4.2 The Board should ensure members have access to appropriate continuing education programme

The Board encourages its members to enrol in appropriate continuing education programme to equip them to serve the interests of the Company.

The Directors were updated on an ongoing basis by way of circulars on matters relating to changes to the Listing Requirements and briefing by the Company Secretaries at the Board Meeting following the changes.

PRINCIPLE 5 – UPHOLD INTEGRITY IN FINANCIAL REPORTING

5.1 The Audit Committee should ensure financial statements comply with applicable financial reporting standards

The Board, through the Audit Committee, endeavours to provide and present a balanced and meaningful assessment of the Group's financial performance and prospects to shareholders, primarily through the Annual Reports and quarterly announcements of the Group's results to the regulators. The Board is assisted by the Audit Committee in overseeing the Group's financial reporting process and the accuracy, consistency and appropriateness of the use and application of accounting policies and standards.

On a yearly basis, the Audit Committee meets with the External Auditors to go through the Audit Planning Memorandum prior to commencement of the audit. In addition, the Audit Committee also meets with the External Auditors to discuss their report to the Audit Committee following completion of their audit. The External Auditors share with the Audit Committee any significant issues on the financial statements and regulatory updates. The Audit Committee obtains assurance from the External Auditors on the Company's compliance with the applicable financial reporting standards.

5.2 The Audit Committee should have policies and procedures to assess the suitability and independence of external auditors

The Audit Committee assesses the performance of the External Auditors on an annual basis and reports to the Board its recommendation for the re-appointment of the External Auditors at the Annual General Meeting.

In addition, the Audit Committee has formalised a policy on the provision of non-audit services by the External Auditors. During the financial year ended 31 December 2016, the fees for non-audit services rendered by the External Auditors to the Group amounted to approximately RM240,000. The amount and nature of non-audit services provided by the External Auditors accorded with the policy on the provision of non-audit services.

The External Auditors had provided a written assurance to the Audit Committee that they were independent throughout the conduct of the audit engagement based on the independence criteria of relevant professional and regulatory requirements.

Corporate Governance Statement (cont'd)

PRINCIPLE 6 – RECOGNISE AND MANAGE RISKS

6.1 The Board should establish a sound framework to manage risks

The Board had established an Enterprise Risk Management framework to identify, evaluate, control, report and monitor significant risks faced by the Group. Such a framework also includes pertinent risk management policies and guidelines to provide structured guidance to personnel across the Group in addressing risk management. The risk appetite of the Group is articulated via the use of risk parameters in the framework, covering financial and non-financial metrics, to assess the likelihood of risks occurring and the impact thereof should the risks crystallise. Internal controls deployed by Management are linked to, and mitigate, the business risks identified.

The Audit Committee works with the Internal Auditors to ensure that the Internal Audit Annual Plan encompasses the audit of areas with higher vulnerability. The Internal Auditors are also required to perform periodic testing of the internal control system to ensure that the system is robust, including follow-up on the status of Management's implementation of action plans to address issues raised by the Internal Auditors.

Further details of the Enterprise Risk Management framework and the system of internal control of the Group are set out in the Statement on Risk Management and Internal Control in this Annual Report.

6.2 The Board should establish an internal audit function which reports directly to Audit Committee

During the financial year under review, the Company outsourced its internal audit function to an independent professional firm, namely BDO Governance Advisory Sdn Bhd in place of the outgoing service provider, i.e. KPMG Management & Risk Consulting Sdn Bhd, with the objective of conducting systematic testing and assessment of the Group's internal control system based on an internal audit plan approved by the Audit Committee. Its responsibilities included providing independent and objective reports on the state of internal control of the significant operating units in the Group to the Audit Committee, with recommendations for improvement to the control procedures, so that remedial actions can be taken in relation to weaknesses noted in the system. Further details of the activities carried out by the internal audit function are set out in the Statement on Risk Management and Internal Control included in this Annual Report.

PRINCIPLE 7 – ENSURE TIMELY AND HIGH QUALITY DISCLOSURE

7.1 The Board should ensure the Company has appropriate disclosure policies and procedures

The Board has established an internal Corporate Disclosure Policy in compliance with the disclosure requirements as set out in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The Board delegated the authority to the Chairman of the Company to ensure that the Corporate Disclosure Policy is adhered to by Senior Management and the Company Secretaries with respect to disclosure obligations.

7.2 The Board should encourage the Company to leverage on information technology for effective dissemination of information

The Company's website has a section dedicated to shareholders under Investor Relations where shareholders can check on the latest announcements of the Company, press release, media news, share and warrant prices and also contact the designated person on investor relations matters. The shareholders are also encouraged to subscribe for any news alert of the Company.

PRINCIPLE 8 – STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

8.1 The Board should take reasonable steps to encourage shareholder participation at general meetings

The Board encourages the attendance of shareholders at the Company's Annual General Meeting. The notice period of the Annual General Meeting is given to the shareholders slightly longer than the minimum of 21 clear days. With a slightly longer time, the shareholders are provided with ample time to review the annual report, to appoint proxies and to collate questions to be asked at the Annual General Meeting.

Corporate Governance Statement (cont'd)

The Notice of AGM, Annual Report and the related circular were sent to the shareholders in accordance with the regulatory and statutory provisions. The Notice of the Twelfth AGM was also advertised in a national English newspaper within the prescribed deadline.

The shareholders approved all the resolutions put forth at the Twelfth AGM and the results of the Twelfth AGM were announced to the shareholders via the Bursa Link at the conclusion of the AGM.

Minutes were kept to record the proceedings of the Twelfth AGM and shareholders may inspect the minutes in accordance with the provisions of the Companies Act 1965.

8.2 Board should encourage poll voting

With the amendments to the Listing Requirements of Bursa Malaysia Securities Berhad on 24 March 2016 that require resolutions at General Meetings to be decided by poll, all the resolutions to be voted on at the forthcoming Annual General Meeting will be decided by way of poll with a duly appointed scrutineer(s) to oversee the voting process and the outcome thereof. The Company's share registrar is well equipped to facilitate the conduct of such polling process.

At the Twelfth AGM of the Company, which was held on 24 June 2016, all the resolutions were decided on a show of hands.

8.3 Board should promote effective communication and proactive engagements with shareholders

Shareholders' meetings are important events for the Board to meet the shareholders.
